B.Tech, EEE

J.B Institute of Engineering and Technology

08/2020 - 06/2023

Diploma, EEE

Trinity College of Engineering and Technolgy

08/2016 - 06/2019

PERSONAL PROJECTS

VintageCareer

- Developed and maintained a comprehensive job portal designed to connect job seekers with employers, offering a seamless user experience and robust functionality for job searching, application, and recruitment processes.
- Developed RESTful APIs using Spring Boot to handle various operations such as user authentication, job postings, and application management.
- Utilized Angular to create a dynamic and responsive user interface, ensuring a seamless user experience across various devices and screen sizes.
- Designed and maintained the MySQL database schema, ensuring data integrity and efficient query performance.
- Tech Stack: **Angular, SpringBoot, MYSQL.**

Divine Food

- Developed a robust food ordering platform that connects users with a wide range of restaurants, enhancing the convenience and efficiency of ordering food online with real-time updates and restaurant management features.
- Leveraged React to build an engaging and responsive user interface, ensuring compatibility across multiple devices and screen sizes.
- Implemented RESTful services using Spring Boot, managing key functionalities such as user registration, restaurant information, menu management, and order processing.
- Tech Stack: **SpringBoot, ReactJS, Redux, Tailwind CSS, MYSQL.**
